

Orange County Chapter, National Association of Hispanic Nurses

Improving the Quality of Life for Breast Cancer Survivors

A conference addressing survivorship issues facing Hispanics

Saturday, October 17, 2009

7:30 AM to 3:00 PM

St. Joseph Hospital

Sisters of St Joseph of Orange, Mother Louis Room
480 S. Batavia St. Orange, CA 92868

Cost: \$40.00 (5 CEH's)

Conference scholarships available for undergraduate nursing students

- ≈ Join OCNAHN at its 7th Dia de los Muertos event as we address the important health issues of cancer survivorship, and health care inequalities that affect underserved populations.
- ≈ Conference goal: A consensus of strategies that will guide health care providers to tailor survivorship care that will assist breast cancer patients, their families and the community to manage life after breast cancer and cancer treatment.
- ≈ Presentation of research and clinical practice poster session
- ≈ Meet a cadre of national and local organizations involved in Cancer Survivorship.
- ≈ Join OCNAHN in celebrating its commitment to the community.

Learning Objectives

- ≈ To educate a broad audience of clinicians about appropriate survivorship care to underserved populations
- ≈ To raise awareness in the So. CA healthcare community about cancer survivorship issues
- ≈ To help improve the quality and coordination of care for breast cancer survivors in our complex healthcare system
